BK100E & BK150E Barrel Stove Kits

The **BK100E Standard Stove Kit** easily converts any 30 or 55 gallon drum into an economical wood burning heater.

FEATURES:

100% Cast Iron
10" x 11" feed door
Flue size (Round) 6"
Weight 25 lbs

The **BK150E Deluxe Stove Kit** easily converts a 30 or 55 gallon drum into a highly efficient and economical wood burning heater.

FEATURES:

100% Cast Iron
Gasketed 9.75" x 11.75" feed door
Separate gasketed ash cleanout door.
A cool touch cam-lock type door latch
Two counter weighted spin dial draft controls.
Flue size (Round) 6"
Weight 31 lbs.

By mounting the optional **BK50E Double Barrel Kit** with an additional barrel, secondary gases are trapped creating greater efficiency as they travel through the top chamber. Doubles radiant heat surface area for increased warmth. Kit includes upper legs (2) for mounting top barrel, one male collar, one female collar and hardware package.

FEATURES:

100% Cast Iron
Flue size (Round) 6"
Weight 15 lbs

The optional 100% cast iron **55G Barrel Stove Grate** raises the wood for better combustion, helps air circulate underneath the wood to feed the fire which improves the burn of the fire while extending the life of the stove.

SPECIFICATIONS:

Length 26"
Width 10"
Height 2-3/4"

The optional 100% cast iron **BK25 Hot Plate** with the 8" cooking surface on a curved base which is designed

to be used with 55 gallon barrel stoves. Ideal for fry pans, pots and kettles, lid lifter handle included.

Barrels or drums not included
