STOVE & FIREPLACE PRODUCTS

Stove Boards & Heat Shields

- Imperial UL/ULC listed Stove Boards protect walls and floors from the intense heat, hot coals, ashes, and soot that woodstoves can produce.
- The Imperial UL/ULC listed Adjustable Stove Pipe Heat Shield and 90° Elbow Heat Shield redirect heat from a single-wall stovepipe back into the room, where you need it.

IMPERIAL FLOOR & WALL STOVE BOARDS

Imperial Black Pebble, Brick and Woodgrain **Stove Boards** can be used with a Stove Board Spacer Kit to protect walls from heat reducing the clearance between the appliance and combustible materials by as much as 67% to a minimum of 12".

They may also be used under other heating appliances such as kerosene, gas, and electric heaters.

Their embossed pebble-finish steel is scratch resistant.

WALL SPACING KIT

IMPERIAL PIPE AND ELBOW HEAT SHIELDS

The adjustable telescopic feature of the Imperial **Stove Pipe Heat Shield** allows you to extend the length from 22-1/2" to 42".

Both Imperial UL/ULC listed Stove Pipe and **90° Elbow Heat Shields** are adaptable to 5", 6", 7" and 8" stove pipe.

They protect walls and ceilings where clearances between flue pipe and walls have been reduced by the use of stove boards.

IMPERIAL BURN INDICATOR

- Durable & highly accurate stove pipe thermometer
- Monitors wood stove performance
- Burn efficiency range from 100°F - 850°F (40°C - 475°C)
- Easily installed on stove pipe with magnetic attachment
